Dear Mayor Robertson and City Council:
We demand that you reject the new zoning plan for Chinatown (the Chinatown Economic Revitalization Action Plan update, or CRAP).
Instead, we call on you to implement a zoning plan for Chinatown that requires:
A pause on new market-rate developments in Chinatown until the number of social housing units at welfare-pension rates in the neighbourhood matches the current number of market-rate housing units.
After this, 50% of all new residential housing in Chinatown must be for social housing at welfare and pension rates.

Name:
Address or postal code:
Phone/email:

I will speak at the Public Hearing to oppose the CRAP. □

I will NOT vote for any City Councillor who approves a zoning plan for Chinatown that does not include social housing. □

To: Mayor Gregor Robertson &
Vancouver City Council
